SUMMARY

Software developer with experience in developing web and mobile solutions using modern frameworks and clean coding practices, seeking opportunities to apply and grow these skills in real-world projects. Comfortable working with APIs, databases, version control, and system workflows, with exposure to automation, Agile development, and collaborative engineering environments.

SKILLS

Languages	C++, Java, JavaScript, PHP, PYTHON
Web	ReactJs, NodeJs, HTML, CSS, Tailwind CSS, Bootstrap, CodeIgniter
Tools & Concepts	MySQL, MongoDB, Git, GitHub, Postman, Figma, DSA, OOP, SDLC, Agile

EXPERIENCE

Fullstack Developer TOSS Consultancy Services	2025
- Built and deployed a real-time emergency ambulance response platform with GPS tracking and automated alerts. - Contributed to backend development using PHP (CodeIgniter) for dispatch automation and emergency case management. - Implemented workflows for real-time status tracking, notifications, and operational monitoring.	

PROJECTS

TravelMate Kochi — PHP, MySQL, HTML, CSS, JavaScript Developed a travel and tourism platform for destination discovery, tour package management, and customer enquiries using PHP and MySQL.	(Link)
Apatkal Emergency Response Platform — PHP, MySQL, Flutter Built a web and mobile emergency response solution for ambulance booking, driver management, and emergency assistance during my internship.	(Link)
Vocational Education Integration Platform (VEIP) — HTML, CSS, JavaScript, React, WordPress Developed an NEP 2020-aligned vocational learning platform featuring mentorship, digital skill badges, and structured learning pathways.	(Link)

ACHIEVEMENTS

Smart India Hackathon 2024	Finalist (National-level competition)
Yukti Innovation Challenge 2025	AI healthcare project presented for funding
GDSC GGCT Campus	Operational Head — led workshops and hackathons

EDUCATION

Bachelor of Technology (B.TECH) — CSE, Gyan Ganga College of Technology CGPA: 7.59	2026
Higher Secondary (Class XII) — PCM, Little Kingdom Sr. Sec. School Percentage: 62.8%	2022

CERTIFICATIONS

Salesforce AI Agent Developer SmartBridge	AI-ML Virtual Internship Google Developers	Software Engineering Simulation Accenture
